Hearing Aid Dispenser Written Examination Information

Computerized Administration of the Written Examination Begins May 1, 2000:

In an effort to make the hearing aid dispenser written examination more widely available throughout the state, the Hearing Aid Dispensers Bureau has contracted with an outside agency to administer the written exam.

Effective May 1, 2000, the written examination will be administered on an easy to use computerized system through Experior Assessments. Applicants will submit the examination application and fee to the Hearing Aid Dispensers Bureau and will receive a Notice of Eligibility from Experior Assessments. Upon receipt of the Notice of Eligibility, applicants will call Experior Assessments to make an appointment to take the written examination at one of its ten examination sites throughout California. The written examination will be scored on site and the results will be provided to the applicant at the conclusion of the examination.
